

## Short Biography

As vice chairman of the Japan Builders Network(JBN), of which approximately 3,000 companies nationwide are members, and as director of the National Wooden Construction Business Association (general manager of the Construction Management Division), I am involved in the construction of temporary wooden emergency housing and wooden public housing for disaster victims that can be used in the medium to long term using local timber.

## 略歴

全国約 3000 社が加盟している JBN・全国工務店協会副会長を務めると共に、全国木造建設事業協会理事（建設統括本部長）として、地元の木材を使った中長期利用可能な木造応急仮設住宅・木造災害公営住宅建設に取り組んでいる。
